March is WASHINGTON WINE MONTH!!!

A recent study asked wine enthusiasts to report on where their wine was from. When they made a purchase in the past two weeks, did they buy from the wine region they lived in or some place else? The answer is alarming! 95% of participants who lived in France, Italy or Northern California said they purchased wine from their respective regions. Compare that number to only 11% of Washington state participants! We have wonderful, award-winning wines right in our back yard. Help support the Washington wine industry...BUY WASHINGTON WINE!!!

To promote WASHINGTON WINE MONTH, we have some STEALS for you....
